VEHICLE OVERVIEW

This 34' 2011 Keystone Outback 295RE has an aerodynamic exterior design with a streamlined front cap, radius corners, and enclosed underbelly which substantially reduces air turbulence increasing stability and mileage during travel. It comes equipped with a leaf spring suspension system, 15 radial tires, Equaflex rubber equalizing system, and a 3-step entry with an assist entry grab handle, a step light and two security lights. The interior of this Keystone Outback is sure to please with decorative wall boards, custom valances, stain resistant fabrics, cherry hardwood cabinetry, panoramic windows, large overhead cabinets, and a king U-shaped dinette. This Outback also features a 2-door 6 cu ft refrigerator, microwave, 3-burner range with oven, high-rise faucet, 6 gallon gas/electric water heater bypass with 16.2 gallons per hour quick recovery, and an AM/FM/CD stereo with DVD player. The bedroom has a deluxe headboard with his and her lights, bedroom speakers along with mirrored overhead and side storage cabinets. There is also a porcelain foot flush toilet, garden shower head, deluxe medicine cabinet, skylight over tub, and a power roof vent in the bathroom plus a .

This Outback 295RE also has a 17' awning, seamless one piece rubber roof, diamond plate stone guard, automotive style fender skirts, four stabilizer jacks, and an LP tank cover. It also comes standard with a seamless one piece rubber roof, black tank flush, LP leak and smoke detectors, fire extinguisher, and manual slide backup on all electric slide-outs. Enjoy more of the outdoors as you entertain guests around the outside camp kitchen.
